4 Blending Projects with brief written report for each.

Ten Consultations with brief written report for each: 5 hypothetical scenarios which are outlined in the course, and 5 live consults with your friends or clients. Live consults include creating blends, providing instructions to your client, and follow-up with each client. Supplies such as bottles, jars, bath salts, etc, are purchased separately and resources for these are given in the course.

Two Case Studies with blending projects, client follow-up, and brief written reports.

Study Cards: A flash card highlighting each of the 54 profiled EOs in the course. Three must first be submitted for approval prior to continuing with all 54. These cards will be very helpful to aid your studies in preparation for the final closed-book exam.

Research-Interest Paper: A 5-10 page essay based on an aromatherapy topic of your choice. It might be your response to an article you have read, a problem you see within the field, a particular wellness issue you feel aromatherapy could benefit, a profile of an essential oil not given in the course, etc. You choose what appeals to you, documenting with references used and bibliography.

Final Certification Examination: The final exam is **closed-book** and requires a 75% pass score.

Course Evaluation: A survey that is required for my legal records. Your feedback also provides valuable information for course improvements and revisions.

Course completion is required within 12 months with an extension if needed. You will be awarded the title of "Certified Clinical Aromatherapist" and can be very proud of accomplishing a comprehensive 400-hour program. Course transcripts and printed certificate will be mailed or emailed to you. Course completion also awards Florida licensed massage therapists with 400 continuing education hours.

Full support is provided during the course by phone or email with the course author, Denise Wickell.
